WEDNENDAY, OCT. 3, 1877. THE Baltimore wheat market found itself at the end of the month with a "cor-

body which was generated three centuries ago. Do you doubt it? Examine the leading principle of Protestantism, listen to the Shibboleth with which it proclaimed its blind, mad war against ner" on hand, which was arranged on a basis of 153. Ten vessels of an aggregate capacity of 300,000 bushels, were

Miss Corson, in her pamphlet on dimers for the poor, or, as she entitles it, "Fifteen Cent Dinners," very justly calls attention to the use of macaron; and she urges the value of harley, beans and peas, when cooked in broth.

The everlasting work of nominating Mr. Hendricks for the Presidency will begin again now, and will be brick by spells till the Democratic Convention meets in 1880. The great trouble will be to keep up after the Convention meets.

The failure of Frank Leslie, the publisher, is a bad one. His liabilities are \$339,131 52; his nominal assets are \$230, 308 65, with an actual value of \$75,166, 309, this debts range from \$46,955 to \$80, 000, and; un, the whole gamutolinsolvercy from merchandise and real estate ac-

The reign of authority, on Protestant premises and by the force of a Protestant syllogism, denounced and branded as the deepest curse of man, as a Popish usurpation, was finally closed. The Reformers laid hands of benediction upon the pernicious and ever widening error that liberty and authority are necessarited to the dignity of a dogma of religion, was accepted with hosannas of enthusiasm shouted by the whole army of human passions. From that moment Socialism became the earth born Messiah of the future. from merchandise and real estate ac counts to unpaid board bills. THE ravages of yellow fever at Fernan dina must be terrible indeed, when, our of 1,632 inhabitants, 293 are now lying sick of the disease, and nearly 900 have been attacked since the epidemic broke out. THE Democratic candidate for Goveror of Wisconsin is a Police Court Judge, and when he was asked about re signing he said: 'Inasmuch as I was nominated without seeking the office, and against my wishes, I shall remain on the ench, I see no impropriety in it." The Judge says his candidacy won't make any difference in the number of days he puts into a sentence.

One of the peculiar features of the Ohio campaign is that at least one sample of each of the very numerous kinds of Democrats they produce in that State has come forward to put in a plea for the platform and 'the ticket. What little ground the resolutions left uncovered has been attended to by the most versatile lot of speakers ever let loose in a single seen attended to by the most versatile lot of speakers ever let loose in a single state. Not only have Ewing and Morgan talked for soft money, but Pendleton has spoken for resumption and Henry B. Payne has appealed to the Greenbackers and Workingmen to "stand together with the Democratic party for the defense of the legal-tender notes," while Durbin Ward has been Boundering about in a waste of coin and naves earlier, to help.

The Salt Lake Tribuse publishes a list of the divorces granted by the Probate Court of that place, and it foots up in the thousands. "It is estimated that quite 5,000 divorces have been granted by the twenty Probate Courts of Utah, and most of them were to parties in the States and some in Canada. Among them is Brick Pomeroy, whose matrimonial ventures reem to have theen unfortunate. It's some satisfaction to know that these divorces have been set aside by the courts of the States whenever brought to the judicial test.

Thomas S. Acheson is the Democratic candidate for Supervisor of the Eighth Ward. His is an excellent nomination, which he did not seek. Prominent citizens in the ward pointed him out as an available candidate of shility, and entire, it worthy of the office. The leading men of the Democratic Convention, among whom were Eugene Casserly and Frank McCoppin, recommended him, and he was nominated accordingly. Such endorsement, carefully and prudently given, after due inquiry and consideration, is conclusive evidence that he will lonner the position. Mr. Acheson is a member of the firm of Nye & Acheson, and has by his energy and ability brought the firm to its present prominent position The Price for Digging Coal at Steubenville. and has by his energy and ability pronight the firm to its present prominent position and prosperity. Having conducted his own business well, he furnishes the best possible ovidence of his capacity to look after that of the tax-payers. A gentleman by education and culture, with the best social surroundings, he will make a creditable Supervisor:

PROTESTANTISM RESPONSI-BLE FOR COMMUNISM.

Extract from a lecture by Rev. Father Callaghan at Cincinna-ti Sunday Night. ti Sunday Night.

Nobody in the least conversant with the development of social theories can doubt that the creed of modern Communism is legitimately descended from the Protesiant Reformation. It is the last and complete social formula, in which are condensed and enshrined all the wild religious errors of modern herey. It is the last stage of the disease of the social body which was generated three contur-

Consumption can be CURED.

Schenck's Pulmoole Syrup, Schenck's Sea Weed Tonic,

Are the only medicines that will cure Polmonary Consumption.

Frequently medicines that will stop a cough will occasion the death of the patient; they lock up the liver, stop the circulation of the blood, hemorthage follows, and in fact they clog the action of the very organs that caused the cough.

Liver Complaint and Dyspepsia are the causes of two-thirds of the cases of Consumption. Many persons acomplain of a dull pain in the side, constipation, coated tongue, pain in the slouder blade, feelings of drowsiness and restlessness, the food lying heavily on the stomach, accompanied with acidity and belohing up of the wind.

These symptoms usually originate from a disordered condition of the stomach or a torpid liver. I can be found at 2103 Main stree 003* FOR BALE-A good Frame House, with seven rooms, No. 106 South Broadway, Island. Posses-sion given immediately. Enquire of L. H. MORRIS, BEAUTIFUL

disordered condition of the stomach or a torpid liver.

Persons so affected, if they take one or two heavy colds, and if the cough in these cases be suddenly checked, will find the stomach and liver clogged, remaining torpid and functive, and almost before they are aware the lungs are a mass of sores, and ulcerated, the result of which is death. Schenck's Pulmonic Syrup is an expectorant which does not contain opium or anything calculated to check a cough auddenly. ENGRAVINGS AND CHROMOS,

anything calculated to check a cough sundenly.

Schenck's Sea Weed Tonic dissolves the food, mixes with the gastric juices of the stomach, aids digestion, and creates a ravenous appetite.

When the bowels are coative, skin sallow, or the symptoms of a billous tendency, Schenck's Mandrake Pills are required.

These medicines are prepared only by

thing as another, a ruffian as well as a saint. The Protestant Reformation taught him among other strange lessons that are bearing strange fruit in our day, that liberty to err is man's highest good and freedom from error the only real bondage. So impudent a sophism had never before been whispered in the world. But the whisper soon grew into a roar; as every vicious element caught the glad tidings, this evangel new on earth, but older than creation; for it was the creed which the first Communist, Satan, who would make himself like God, preached to the rebel angels. From that hour the whole fabric of authority in the world was shaken and shattered. That principle of private judgement says even the Potakant Church Review, destroyed authority, made government impossible, supplanted order by social chaos and prepared the final dissolution of human society. When it is touched, broken or moved from its place, society remains no longer a sacred temple. It is a mass of ruin sinking daily more and more into disintegration and decay.
